

Sound Healing & the Energy Enhancement System Event

Join Cassiopeia Skyfish's Blue Muse Sound Healing and Jeffrey Edelheit from the Energy Wave Center to experience an evening of relaxation and the release of stuck energy and emotions. Enhance your energy by charging every cell in your body to a higher vibrational frequency and move toward self-healing.

A meditative field of frequencies will be created with a Sound Bath of Gongs, Crystal and Tibetan Bowls, Ocean Drum, Chimes and more. The resonance of the instruments is like receiving a full body sound massage.

The EESystem creates an environment for optimal health by producing Scalar Waves and Biophotons, promoting the cells' innate intelligence to reach the charge of 70-90 millivolts. This allows the entire body to move toward functioning optimally. After these sessions, people have reported mood elevation, lower stress levels, pain relief, increased energy, emotional stability, improved immune function and more.

Monday, March 11th · 7:30-8:30pm

Located in Studio 1

\$35 at sign up.

Guests welcome, fees apply.

Please sign up at least 48 hours in advance. No refunds unless the event is cancelled.
