

CURIOUS ABOUT PSYCHEDELIC MEDICINE?

WITH SPEAKERS:

**Suegee Tamar-Mattis, D.O., Medical Director Liminal Medicine
and Moksha Donohue, LMFT, Therapist, Liminal Medicine**

It seems like people are talking about psychedelic medicine everywhere. You might have read the book by Michael Pollen, or seen the Oprah special, or heard about it on NPR. But is it safe? Which kinds are legal? Are you interested in the science behind this breakthrough treatment for depression, PTSD, anxiety, and suicidal ideation? Or how to choose among different treatment options? A physician and licensed psychotherapist with many years of experience as psychedelic medicine providers will answer your questions!
